EDUCATION

B.S.
Civil Engineer.
National University of Civil Engineering (*GPA 7.0/10*).
2011 – 2016

SKILLS

- **Programming languages:**
  - C#
  - Javascript
  - VB.net
  - SQL
  - HTML
  - CSS/SCSS
- **Technical skills:**
  - Reactjs
  - Redux
  - Nodejs
  - Expressjs
  - Boostrap
  - AWS
  - MongoDb
  - MySQL
- **Other skills:**
  - Git
  - Photoshop
  - MS Office
- **Soft skills:**
  - Adaptability
  - Eager to learn
  - Self-study
  - Problem solving
  - Visual thinking
  - Leadership
  - Time management
  - Enthusiasm
  - Creativity
  - Patience

ABOUT ME

- Full-stack development excites me a lot, but I prefer Frontend to Backend a little.
- The most outstanding advantages: self-study ability, having high adaptability and working under intense pressure.
- My portfolio website here: https://khoatran25.vercel.app/

WORK EXPERIENCE

T&T Design, Synckey (Japan), Hanoi **Mar 2020 – Nov 2022**

Full-stack Web Developer *Aug 2020 – Nov 2022*

- Programming websites as a frontend or a full-stack web Developer by Javascript, Reactjs, Redux, Nodejs, Expressjs, MySQL, MongoDb, AWS, GCP...
- Building RESTful APIs and building responsive Single-Page-Apps (SPA).
- Join to build a Real-time Application RTAs (based on a WebSockets)
- Build reusable components by Reactjs, Redux for team.
- Taking part in Frontend Optimization (lazy load, preload, wasted renders, ...)
- Programming UI/UX Frontend (from Figma) of some main routes and modules.
- Building directly features such as login, authorization, multi-language, search engine.
- Researching AWS and give out workflows to store company's database on AWS.
- See more details of projects on my github repo.

Sub-leader, .Net Developer *Mar 2020 – Aug 2020*

- Taking part in projects about BIM (Building Information Management) software in Construction industry by C#, .NET framework, VB. Net, MySQL, ...
- Checking, tracking, and covering that workflows always go the right way, then reporting to Leader weekly.
- Be charge of discussing with teams and building calculation algorithms of software.
- Working with Leader to decide workflows of add-ins and software.
- Programming UI/UX of calculation modules and tools to manage the database.

NDC Consulting, Hanoi **Feb 2019 – Feb 2020**

.Net Developer

- Programming windows forms of software to calculate cost estimation in the construction domain by C#, VB. Net.
- CRUD data from database (SQL Server, MS Access).
- Fix bugs and maintain throughout 2 real .Net projects.
- Programming VBScript add-ins to interact with database operations (SQL server, MS Excel, MS Access, windows folders).

LANGUAGES

- English (upper-intermediate).
- Japanese (pre-intermediate).
- Vietnamese (native proficiency).
